

A dramatic photograph of a forest fire. In the foreground, bright orange and yellow flames burn intensely at the base of many tall, thin trees. The trunks stand vertically, their upper portions darkened and charred by the heat. The background is filled with the same fiery glow, creating a sense of vast destruction and heat.

Our World is
BURNIN' UP

Meet the Backend Team

CAITLIN LIEN

Backend Project Lead
(supreme leader)

CHERRY SUN

Backend Developer
(late night HEB runner)

SAMANTHA TUAPEN

Backend Developer
(agenda overlord)

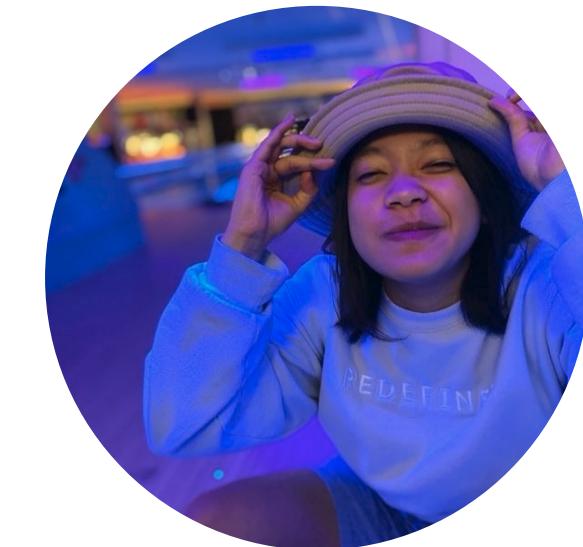

Meet the Frontend Team

UMA SETHURAMAN
Frontend Project Lead
(zoom overlord)

CAITLIN O'CALLAGHAN
Frontend Developer
(discord overlord)

LAUREN MANGIBIN
Frontend Developer
(dancing queen)

Meet the Executive Team

KEVIN JONAS

Chief Operating Officer

JOE JONAS

Chief Executive Officer

NICK JONAS

Chief Marketing Officer

WEBSITE DEMO

SELF CRITIQUE

What did we do well?

What did we learn?

What did we teach each other?

What can we do better?

What effect did the peer reviews have?

What puzzles us?

What Did We Do Well?

Tenacity

...

Prioritization

...

Research

What Did We Learn?

New technologies
(React, Typescript,
Python, SQL, AWS)

...

Start early and
plan ahead

...

Be persistent

What Did We Teach Each Other?

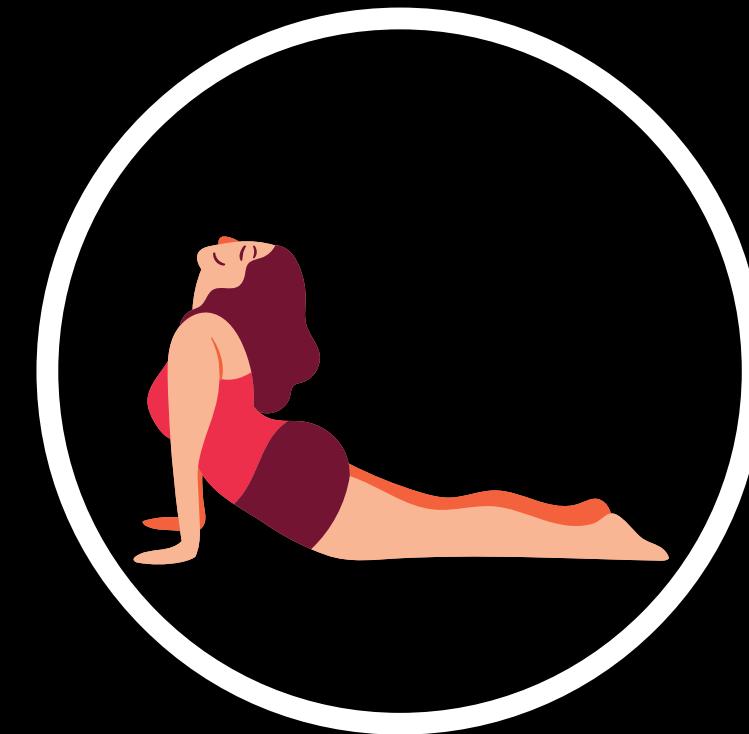

Depend on each other

...

Late night music to
stay sane

...

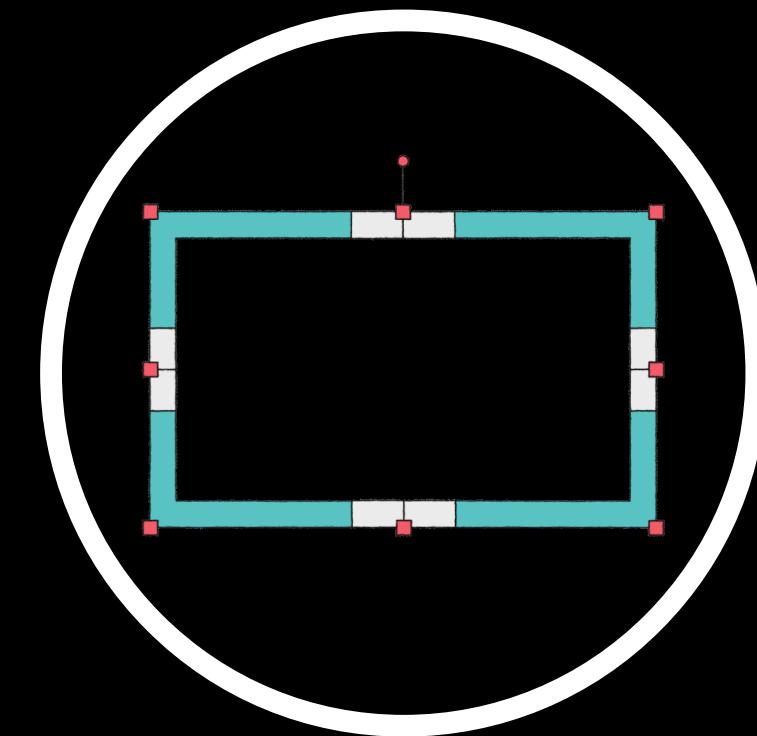

Yoga to avoid back pain

What Can We Do Better?

Organize our
tasks better

...

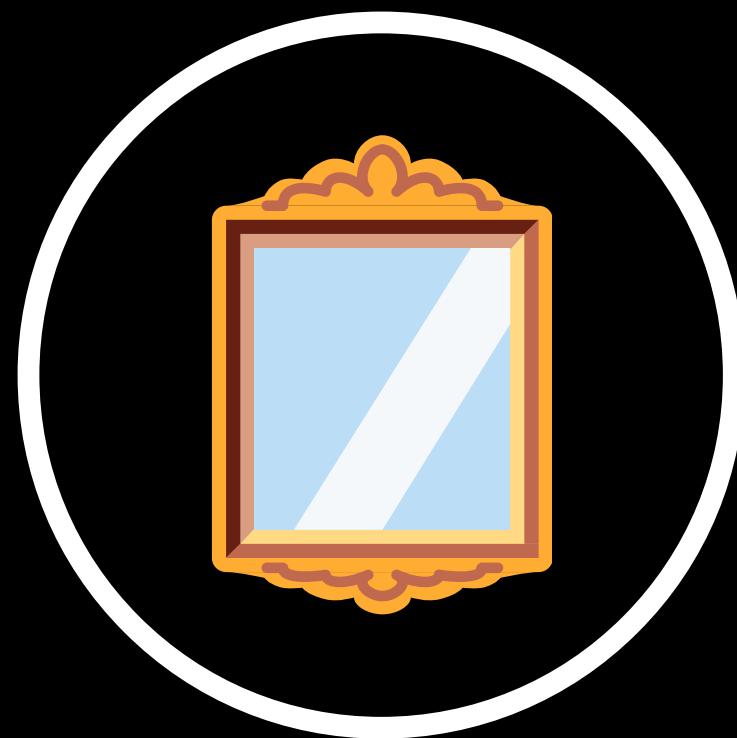

Allow flexibility in
size of components

...

Coordinate schedules
better

What Effect Did the Peer Reviews Have?

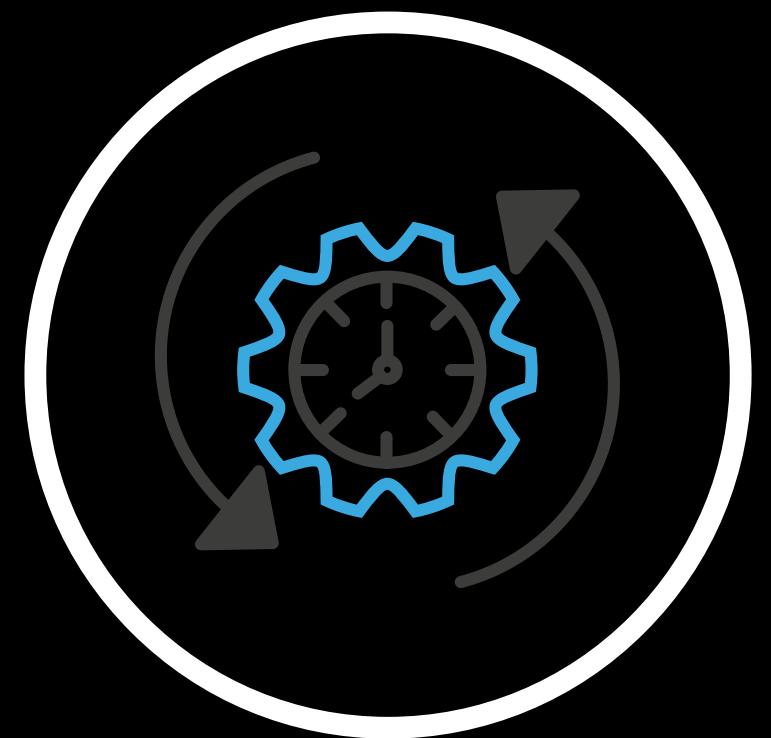

Reflect on our
Contributions

...

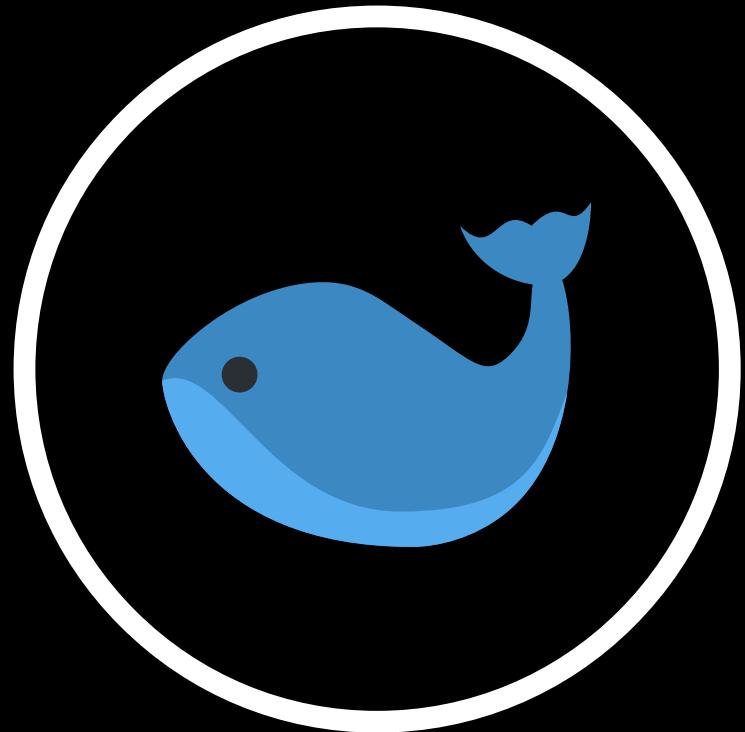

Appreciate each
other's work

...

Refine our work
flow

What Puzzles Us

Docker

...

AWS Amplify

...

Staying engaged
in a remote
environment

PROVIDER CRITIQUE

ECONYOOM

What did they do well?

How effective was their RESTful API?

How well did they implement our user stories?

What did we learn from their website?

What can they do better?

What puzzles us about their website?

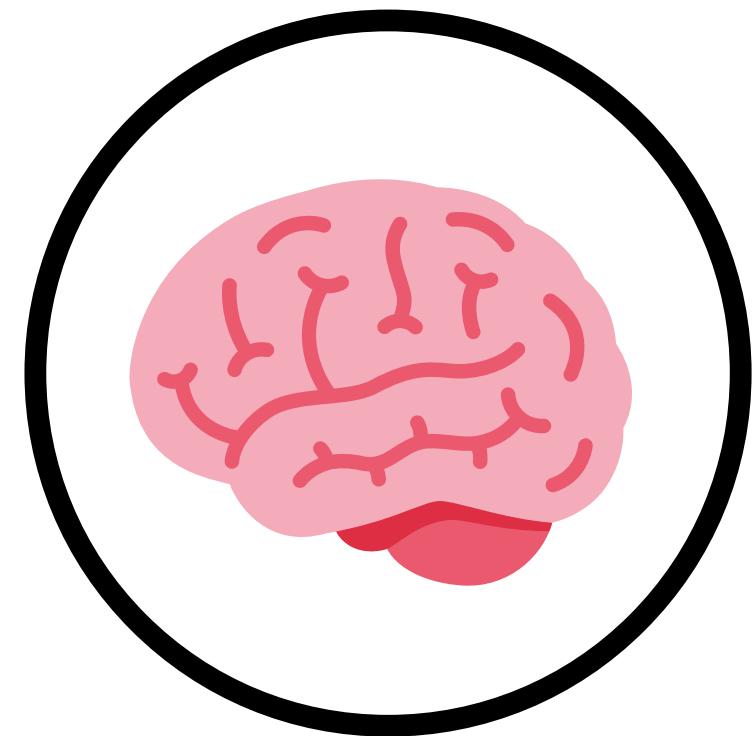

What Did They Do Well?

Engaging and
navigable UI

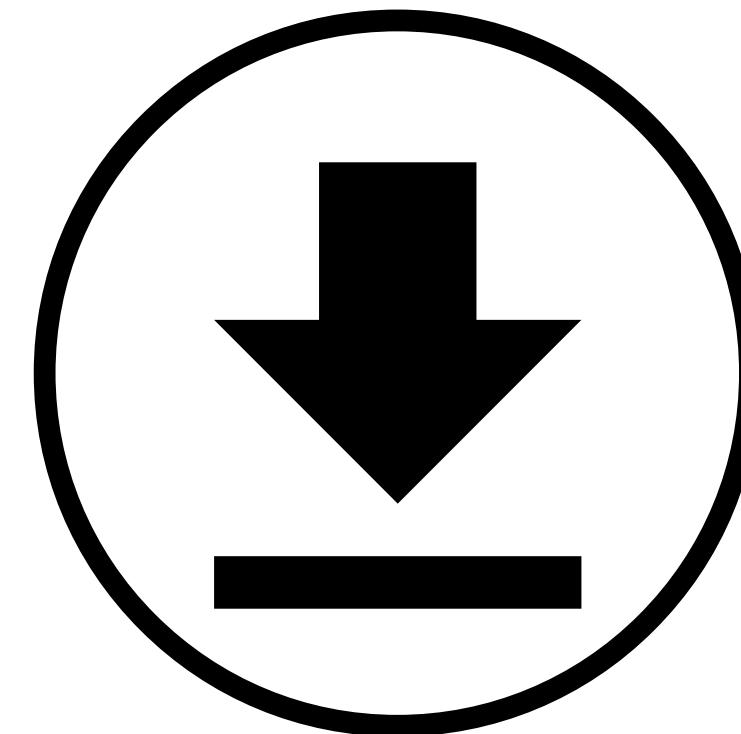

Well-presented data

Clear connections
between models

How Effective Was Their RESTful API?

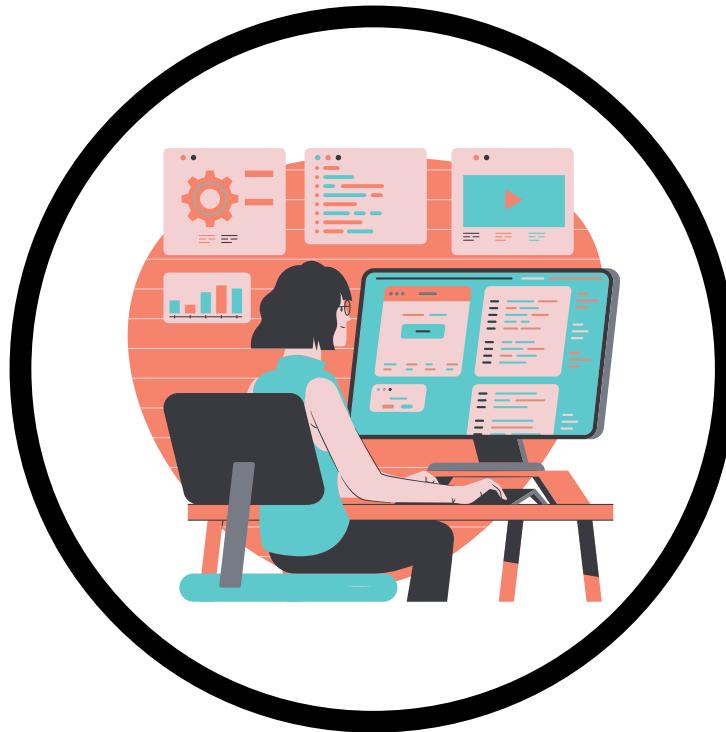

Routes with all the
data for each model

...

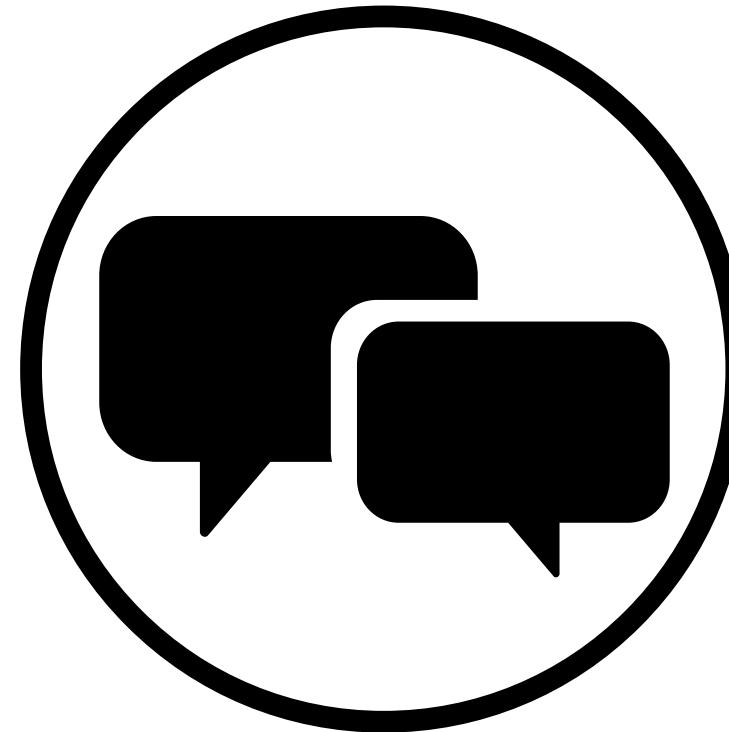

Unnecessary API
routes

How Well Did They Implement Our User Stories?

Perseverance

...

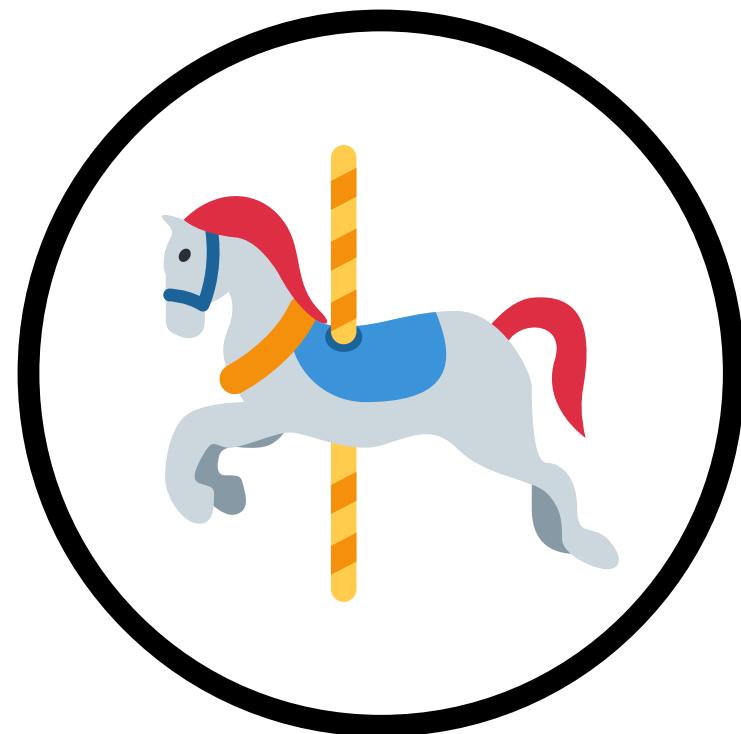

Thoroughness in
responses and
implementations

...

Enhanced
website
design

What Did We Learn From Their Website?

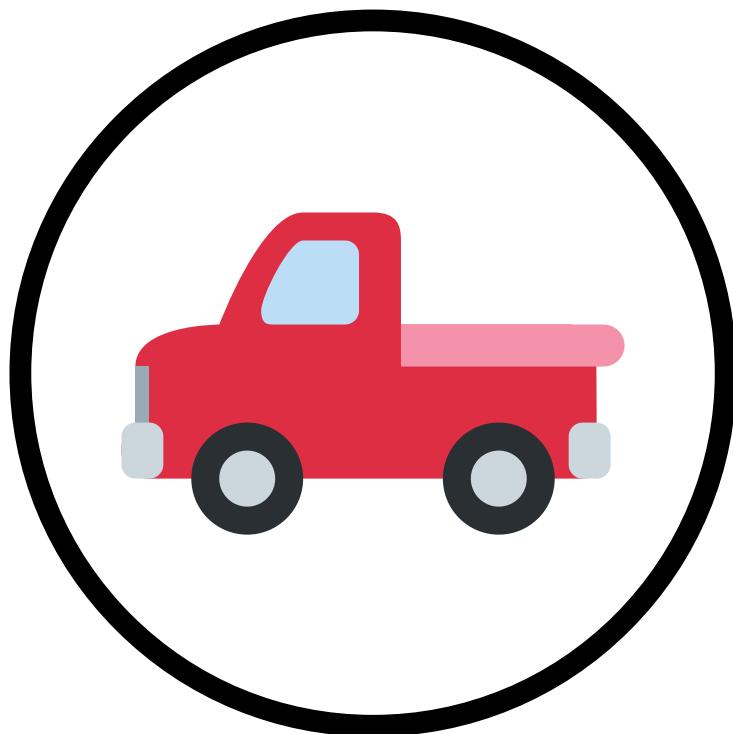

Design Inspiration

...

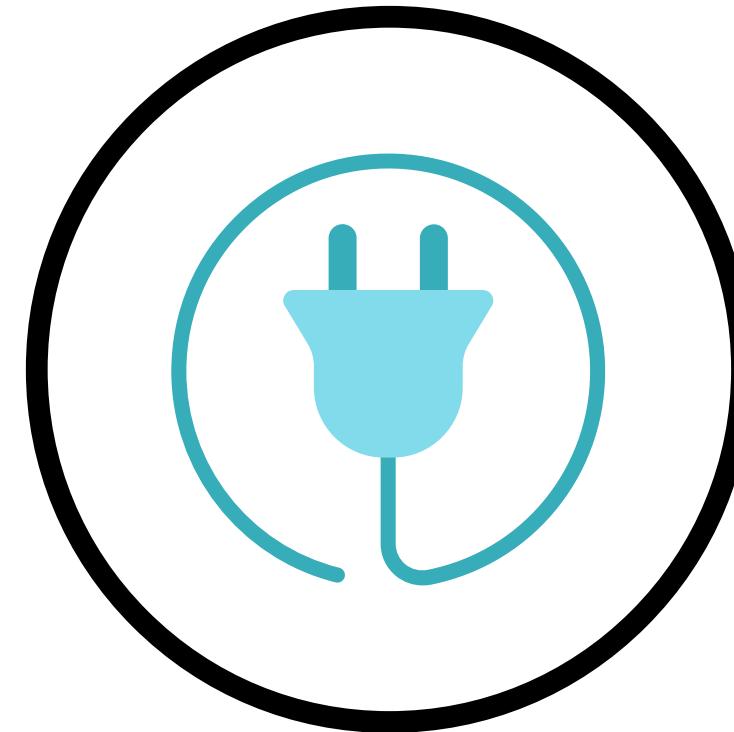

Energy Savings

...

Ford has the most
Eco-Friendly cars

What Can They Do Better?

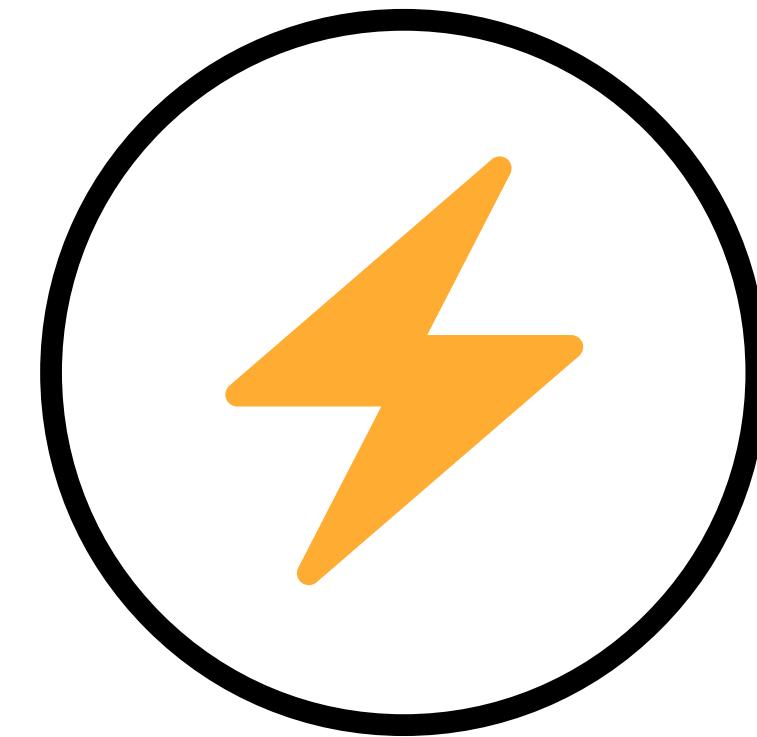

More instances

...

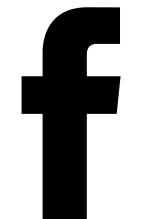

Clean up unnecessary data

What Puzzled Us About Their Website?

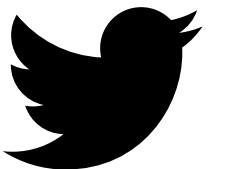

Vague attribute
definitions
